

WHO'S YOUR REASON?

YOU'RE OURS.

WHO'S YOUR REASON...

...for completing the health risk assessment (HRA)?

Is it your spouse? Your granddaughter? Your best friend? Whose life is better because you're in it? The HRA is a brief questionnaire about your health that takes 15 to 20 minutes to complete. The questions are simple and your answers are totally confidential.

Good health is its own motivation, but the State of Maine wants to sweeten the pot for its employees by offering the annual 5% health premium credit. In addition to naming a Primary Care Physician with Aetna, all adult members (at least age 18 as of May 1, 2013) on the health insurance policy must complete the HRA by **11:59 p.m. on May 29, 2013.**
